

# Westbrook Walnut Grove Charger Report

---

## STUDENTS

Today is "Scrabble Day".

Oxyphenbutazone is a non-steroidal anti-inflammatory drug – it's also the word that, in a single play, can give the highest possible score on a Scrabble board. You'd need to join all seven of your tiles with eight already on the board across three triple word scores – scoring 1,778 points.

Happy birthday to Adam H.

### April 11-15 is Severe Weather Awareness Week in Minnesota.

#### Flash Floods - Are You Prepared?

Assume a thunderstorm produces 6 inches of rain in less than 6 hours time near your community. Storms of this magnitude or greater occur several times each year in the U.S. Would you know what action to take to protect yourself and the people who depend on you for safety? After a major flood event, one of the most common quotes from the survivors of the flood is the expression they did not believe it could happen to them or in their community.

We will have a tornado drill on Thurs., 4/14 at 1:45. Do you know where to seek shelter? Know where the nearest shelter is for every room you are in throughout the day.
