05. I would like to thank all of you for taking the extra time to work on our Trial Time Clock Plus adventure. We have been at it for a month and half and you have all been very gracious in trying something new. With all the time, training, and cost of this new system, we have concluded that for the few people that can truly utilize it in our small district, it is not cost effective to continue with this automated system. Let's finish clocking out today and turn in your completed November Green Time Cards as usual. Resume December as usual with our green manual time card as we have always done. I believe my time can be better spent helping folks complete their green time cards correctly and in helping them use our Employee Self Service screens more efficiently. Thank you again for those of you that worked with the TCP system. Let me know if you have any questions. Thanks Jane
